DEBORAH AUSTIN    MARCH 5, 2024

Our first house sit began September 27th, and our first of seven 5-star sits!

**We used house sitting to allow us to save the funds to make our move.**

Our last sit was over on February 25th. We flew out of Atlanta on the 26th and landed in Manta the evening of the 27th!

This has been an amazing journey and I know it's not over. All I have to say is DO IT! You will not regret it!

Celebrating One Week in Manta!

Hi [Their name],

I'd love to take care of your adorable [Pet's Name] from [Dates]. You'll be able to enjoy your travels knowing your [dog] and your home are being well taken care of.

I'm a caring and mature person who loves traveling via pet sitting. I'm new to house sitting through Trusted Housesitters, but you'll see my first reference is from [Person] who I helped by [looking after X].

I'll take [Pet's name] on plenty of walks, feed [him his] meals on time, plus give any medications [he] might take. And I give good belly rubs. :)

I'm available for the dates you've listed, even if your travel dates are flexible. I'm in [name of city or country] from [dates]. I work remotely as a [freelance writer], so [Pet's name] won't be alone all day long. And I'm happy to get a chance to see the [city or region] area!

I'd love to talk more about house sitting for you and taking care of your darling. Please take a look at my profile, and feel free to reply to this message to set up a call or chat with me.

Looking forward to hearing from you,  
[Your name]
